### Attempted Robbery Leads To Officer Involved Shooting

The Bureau of Criminal Investigations (BCI) is investigating an officer involved shooting involving CPD officers.

On Thursday, November 19, 2020, at approximately 6:59pm, officers were dispatched to 3015 E. Livingston Avenue on an attempted robbery in progress in the parking lot. The victim was able to get away from the suspect and run inside the business, who allegedly had a gun and demanded money and valuables.

Once inside the business, the victim was able to contact police and give a description of the suspect located outside. Officers arrived on scene and made contact with the suspect where a brief altercation ensued between officers and the suspect. Multiple officers discharged their firearms striking the suspect before being taken into custody. The female adult suspect was taken to Grant Hospital with non-life threatening injuries. A firearm was recovered and no other injuries were reported at the scene.

Under an agreement reached earlier this year, any police involved shooting by a Columbus Police officer would be investigated by outside investigators with the Ohio Bureau of Criminal Investigation.

The investigation is active and ongoing.
